

**John Van Wagoner**  
**Also known as “Johnny Van”**

Genre: Folk, and Classic Light Rock

I have been playing guitar and writing songs for many years. I am a finger style player and I play a vintage Martin 6 string, 12 string, classical and baritone guitar. My main instrument is my voice. I've been in the music business as a singer/songwriter, radio DJ, TV producer and on air broadcaster for 40 plus years. I wrote my first song at 16 and continue to write songs. Currently I work for Dixie State University as the director of CEC TV. As a SUSWA Board Director I would live to see everyone in the club get a chance to perform and explore their inner creativity. I especially enjoy being a mentor to students of guitar and music. I perform regularly and would love to share my experience with members of SUSWA.
