

Mandee and the ABC girls

Mandee and the ABC Girls are an Amazing group of "Sister Singers" and performers. They are ages 13, 10, 9, and 8. Not only are their vocals and harmonies amazing, beautiful and wonderful for such young artists, but they are all best friends and Sisters! This unique group, although very new to the business, have in just a few months, amassed thousands of fans and followers! They have Fan's on Reverb Nation, Face Book, Twitter, My Space, Soundcloud, The Spot light Zone, and YouTube ... as well as 100's of local Fans right here in Southern Utah.

These wonderful girls have been performing quite literally from the time they could talk! In fact a great story about Mandee... (the oldest @ 13)... is: Ever since she could talk..(Between 1-2 years old)... she learned several songs (from her older sister Kaydee) that she would sing everywhere! At about 3 years old...she began singing very clearly and confidently. Literally, almost every time we would go out in public, inevitably some stranger would walk up to her and give her money and tell her how wonderful her voice was and how beautiful she was... It REALLY was quite incredible! Mandee would say "thank you" with a big smile, and then go on singing loudly!

Mandee has been such an awesome influence on her three little sisters...**Aubree** 10, **Brittnee** 9, and **Christee** 8. (A-B-C .. hence the "ABC Girls") They do everything together...from singing, dancing, acting, and just being little girls... The amazing thing is they constantly want to be in front of a camera or a microphone or on stage... It's just who they are... they don't do it to be famous or special or popular... they just love to sing and love to see people smile and laugh. They REALLY know this is who they are... they have made "believers" out of their parents! When you listen and/or watch them perform and sing... you can see the true sincere emotion. They are REAL and genuine. They are authentic. They are true angels of innocents and righteousness. Just listen a few minutes and you too will be a believer in their message of Love, Happiness, and Hope!

As for Mom and Dad... we are just happy parents that love each other, love our Children, love music, love to write poems and songs, and love the Lord and ALL people. Tonya (Mandee and the ABC Girls Mom) has been writing songs for over twenty years. She studied music in college, plays the piano, and specializes in vocals! She has a voice

reminiscent to the late "Karen Carpenter". Clear, True pitch! She has been a powerful role model and example her daughters. She has not only taught them music and singing, but has taught the truths about God and his plan for all mankind here on earth. The Lord has blessed us with children that truly love all people, and know that everyone is a child of God no matter what race, creed, or religion. The Lords plan is for ALL people! Our family truly prays every night that "their voices and music will touch the hearts of all the people in the world and change the world!"

Tonya and the family finally decided to start putting their words and melodies to music last year because we had someone... whom we love dearly... attempt to commit suicide. Tonya and the family have been inspired with even more words and songs than ever before. We all have suddenly felt a tremendous urgency to get these songs out to the world! We prayed and fasted...looking for someone to help us and was guided to several producers that created beats we fell in love with. We "married" Our words and melodies to these beats ... creating unique, spiritual, uplifting, fun, positive music for all ages! We must give credit and can't thank Shadowville Productions, Remi Desroques, and Spiral Studios enough for their help in the creation of the musical composition of each song. We will "soon" release Mandee and the ABC girls Debut Album "Shine Brightly". As a way to give back to the community, our family is members of SUSWA. We will gving 10% of all donations received from an "up and coming" promotional video for Mandee and the ABC Girls!

We as parents support our children and encourage them to live their dreams. They continue to humble us as we watch them actually do it! We are moving slowly and methodically...listening to promptings of God's Spirit. Our mission, as a family, is to provide positive, uplifting, fun, heartfelt music...AND... to send Love, Happiness and Hope to the entire world through our music! We know through God all things are possible... and we believe through God... and with support from those who believe in this cause... We All can change the world! AND ..."make it a better place!"...
