

**JOSH LARSEN** – Singer/Songwriter

I've been performing since I was just a kid. My mom, a vocal coach with a background in opera, and my dad, who sings in a family barber-shop-quartet, showed me how performing makes life truly beautiful. As a child I developed a strong ear for harmony and vocal styling. I knew early on that all I ever wanted do is sing. Mom taught me that truly gifted singers sing every style well. Since then, I've challenged myself to become that kind of singer. I LOVE TO SING!

I began teaching myself to play the guitar when I was a teenager and immediately began writing songs. Most of my songs are about relationships and the human experience. Influences from bands like Pearl Jam, Maroon 5, Matchbox 20, 3 Doors Down, and Metallica as well as artists such as Chris Daughtry, Jack Johnson, Dave Mathews, Tim McGraw, Keith Urban, Michael Buble, and Josh Groban have produced a unique and easy-to-listen-to style representative of the best the world of music has to offer.

I have an incredible wife who's given me four beautiful kids. Their love and support strengthens and inspires everything I do.

When I'm not playing solo you can find me rockin' out with my **LESS THAN LUCID** band-mates Gordon Strang (Drums), Doug Earl (Bass), Tyler Knight (Guitar), and Mike Girardo (Guitar).

I hope you love what you hear!
